77th Year—252

Castro Grabs 767 More U.S. Owned Firms

Confiscation Made
In Retaliation for
American Embargo

HAVANA (AP)—Fidel Castro's government today confiscated the most valuable remaining American-owned firms in Cuba to retaliate for the United States embargo on most exports to Cuba.

A new nationalization decree ordered the seizure of 167 firms, leaving 213 American companies untouched. Most of those still not in government hands are comparatively small, and U.S. officials estimate their value at probably no more than \$25 million.

This is exclusive, however, of the \$85 million Moa Bay Mining Co., which was not confiscated although it has been controlled by the government under intervention for months. There was no explanation for why Moa Bay was not seized outright.

The confiscation order covered most of the \$250 million in American property left here. Before Castro's government started its wholesale seizures, American citizens were estimated to have owned or controlled a billion dollars worth of property in this island nation of six million people.

The latest government decree cited Washington's recent embargo on all American exports to Cuba except food and medicine. The decree called the embargo "exceptional aggressiveness" and "designed to strangle our economy."

Notable exceptions to the newest nationalization included the Moa Bay Mining Co., an \$85 million nickel and cobalt operation in Eastern Cuba.

Among the firms nationalized were Sears Roebuck, Woolworth's and the operating firm for the U.S. government's Nicaro nickel plant, which has a \$110 million book value.

Also still untouched was the big U. S. Navy base at Guantanamo, on the last coast, which the United States holds on a perpetual lease. Castro has said he would, at some future date, demand that the United States give up the base. But he said he would make his demand through legal channels, possibly meaning he would go to the World Court.

Like the American owners of other properties seized previously by the Castro regime, owners who lost their holdings today are expected to get no compensation.

A Castro decree provides that compensation will be paid out of a percentage of the proceeds from Cuban sugar sold in the United States in excess of three million tons a year. The United States has already cut its purchase for this year below that figure, and there is widespread belief that it will import much less—or nothing—from Cuba next year.

Algerians Learning Soviet Espionage

BONN, Germany (AP)—The Soviet espionage service is training a great number of Algerians in a special spy and sabotage school in East Germany, Western intelligence officials said today.

The school is located near Fuerstenwalde, 60 miles east of Berlin, and is called Camp Molkenberg.

"Algerians are going in great numbers to East Germany, ostensibly to seek employment," the intelligence men said in an interview.

"Actually, they are received by Soviet officers and are taken to Camp Molkenberg. There they receive indoctrination in Communist ideology and concentrated training in espionage."

Officer Feared Driver Could Live Up to Name

ASHLAND, Ohio (AP)—A 32-year-old Ravenna man was fined \$35 and costs and had his driver's license suspended 30 days in Ashland Municipal Court today after a state highway patrolman testified he had chased the man's car at speeds reaching 100 m.p.h. on Interstate 71 near here.

The car carried five persons.

The driver's name: Wadie S. Fivekiller.

Ike Aide Scoffs At Talk about New Recession

WASHINGTON (AP)—President Eisenhower's chief economic adviser said today that economic facts do not "sustain the theory that we are heading into a recession" despite the summer dip in the nation's production.

"I think the American economy is today in a good position to make another major advance," said Raymond J. Saulnier, chairman of the President's Council of Economic Advisors.

His speech was prepared for the convention of the Iowa Bankers Association in Des Moines, but the White House distributed text to newsmen in advance.

Though couched in nonpolitical terms, the address furnished ammunition for Republican replies to the charges of Democratic presidential nominee, Sen. John F. Kennedy, that GOP economic policies have contributed to unemployment and a slowdown in national growth.

Kennedy has not contended that the country is in a recession, though he has declared the recent lag in expansion calls for vigorous government action to stimulate credit and investment.

House Probers Study Secret Poll on U.S. Prestige Abroad

WASHINGTON (AP)—A House subcommittee staff is checking whether the government has made and kept secret an overseas poll of opinions on U. S. prestige.

Rep. John E. Moss, D-Calif., chairman of a House Government Information subcommittee, directed the inquiry at the U.S. Information Agency (USIA).

His action followed a CBS radio

report Monday that a secret poll made by the agency showed overwhelming belief in other countries that Soviet military strength will surpass that of the United States within 10 years.

Today, the New York Times quoted reliable sources abroad as saying a survey report by the USIA's research division found an almost unanimous belief that the Soviet Union is the leading military power.

George V. Allen, head of the USIA, declined to comment on the broadcast report or to say whether such a poll had been made.

Sen. John F. Kennedy, the Democratic presidential nominee, has made a campaign issue of what he calls declining U.S. prestige abroad. Both he and Sen. J. William Fulbright, D-Ark., have asked the USIA about any polls showing such a trend, but agency officials have replied that no recent poll on the subject has been made.

The White House last week denied a story in the Washington Post that a presidential committee on U.S. information activities had reported a decline in U.S. prestige.

The CBS broadcast said a government report compiled by the USIA research division in August contains the information about which Fulbright had asked.

The broadcast said the report gave the Soviet Union a slight edge in opinions of which country is stronger today and an overwhelming margin on relative strength in 1970. The broadcast said that despite Soviet gains, however, the report shows a general belief the United States will still have a strong retaliatory ability that will deter Soviet aggression.

In Oxford, Ohio, a Young Republicans club has sponsored a fleet of buses to bring an estimated 400 Miami University and Western College students to Cincinnati for the rally.

Republican officials said Nixon and Lodge plan a conference after the rally to chart their plans for the last two weeks of the campaign.

Lodge is expected to leave after the conference.

Nixon is to stay overnight and continue early Wednesday aboard his campaign train, heading to upstate Ohio, starting with Middlebury, and including stops at Dayton, Springfield, Columbus, Marion, Lima and Toledo.

A crowd estimated by police at 1,000, predominately college-age young people, greeted Lodge at City Airport Monday night and crowded around him.

19-Year-Old 'Wild Man' Back in Jail

PULASKI, Va. (AP)—Onetime "wild man" Jackie Jennings was back in the hands of the law today after a jailbreak that brought him less than 36 hours of freedom.

The 19-year-old desperado and one of his three companions in the Sunday escape were caught late Monday by police who surprised them in a summer cabin on the shore of nearby Clayton Lake.

Jennings and Glenn Burden Montgomery, 26, were flushed from their hideaway by police who invaded the cabin while the two were frying eggs. They tried to flee on foot but were captured in woods not far away.

State trooper Blaine Huff, a relative of Jennings by marriage, placed the Pulaski youth under arrest.

That was the report Monday by Judge Fred B. Cramer in Common Pleas Court after ruling Firman, 21, was sane and ready for trial.

Firman, of Steubenville, was returned last week after a month of tests at Lima State Hospital where doctors said he was sane.

Firman had pleaded innocent and seeks a jury trial, it will likely start Nov. 2.

That was the report Monday by Judge Fred B. Cramer in Common Pleas Court after ruling Firman, 21, was sane and ready for trial.

Firman, of Steubenville, was returned last week after a month of tests at Lima State Hospital where doctors said he was sane.

Firman had pleaded innocent by reason of insanity to the kidnap charges.

He was accused of forcing four Hamilton youths to drive him at gunpoint out of the city Aug. 16 after he wrecked a stolen car.

Jennings last week was sentenced to prison terms totaling 34 years for his April 11-12 escapade.

Nixon Tells Ohio Kennedy Not Prepared for Big Job

Lodge, Nixon To Open Drive In Cincinnati

CINCINNATI (AP)—The Republican standard-bearers join forces here today for their first public appearance since the June convention, to kick off the campaign stretch drive.

Henry Cabot Lodge, the vice presidential nominee, arrived just before midnight Monday night and stepped out of his chartered plane into a swarm of college-age greeters.

Vice President Richard M. Nixon, the presidential nominee, was due about 4 p.m. today on a special campaign train after a whistle-stop tour across southern Ohio.

Lodge is to introduce Nixon tonight at a national television appearance at 8 p.m. from Cincinnati Gardens.

There has been no indication yet from Nixon or his aides on the subject of the special telecast speech, except that it might be a major address.

Hamilton County Republicans said they were set to give Nixon and Lodge an enthusiastic boost, drumming up crowds for the Cincinnati Gardens rally and for motorcades in Greater Cincinnati.

Lodge was scheduled for a noon television appearance (Ruth Lyons, WLW-TV). Ninety minutes later he planned an outdoor speech in Covington, Ky.

He had planned also to tour by car through adjoining Campbell County, Ky., but cancelled it Monday in order to be at the suburban Oakley railroad station for Nixon's arrival.

With Nixon on the train were Mrs. Nixon and three Eisenhower Cabinet members—Interior Secretary Fred A. Seaton, Attorney General William P. Rogers and Arthur Flemming, secretary of health, education and welfare.

They will take a motorcade tour over a 10-mile route to their downtown hotel (Sheraton - Gibson) where the Republican Party and reporters reserved a total of 250 rooms.

The Cincinnati Gardens normally seats 15,000 persons for sports events, but capacity is expected to nudge near 20,000 for the rally.

A seat at the rally is on a first-come, first-served basis. Before Nixon's appearance, plans are for entertainment by Les Paul and Mary Ford, and Tony Pastor's orchestra.

In Oxford, Ohio, a Young Republicans club has sponsored a fleet of buses to bring an estimated 400 Miami University and Western College students to Cincinnati for the rally.

Republican officials said Nixon and Lodge plan a conference after the rally to chart their plans for the last two weeks of the campaign.

Lodge is expected to leave after the conference.

A crowd estimated by police at 1,000, predominately college-age young people, greeted Lodge at City Airport Monday night and crowded around him.

Big Snows Hit Upper New York

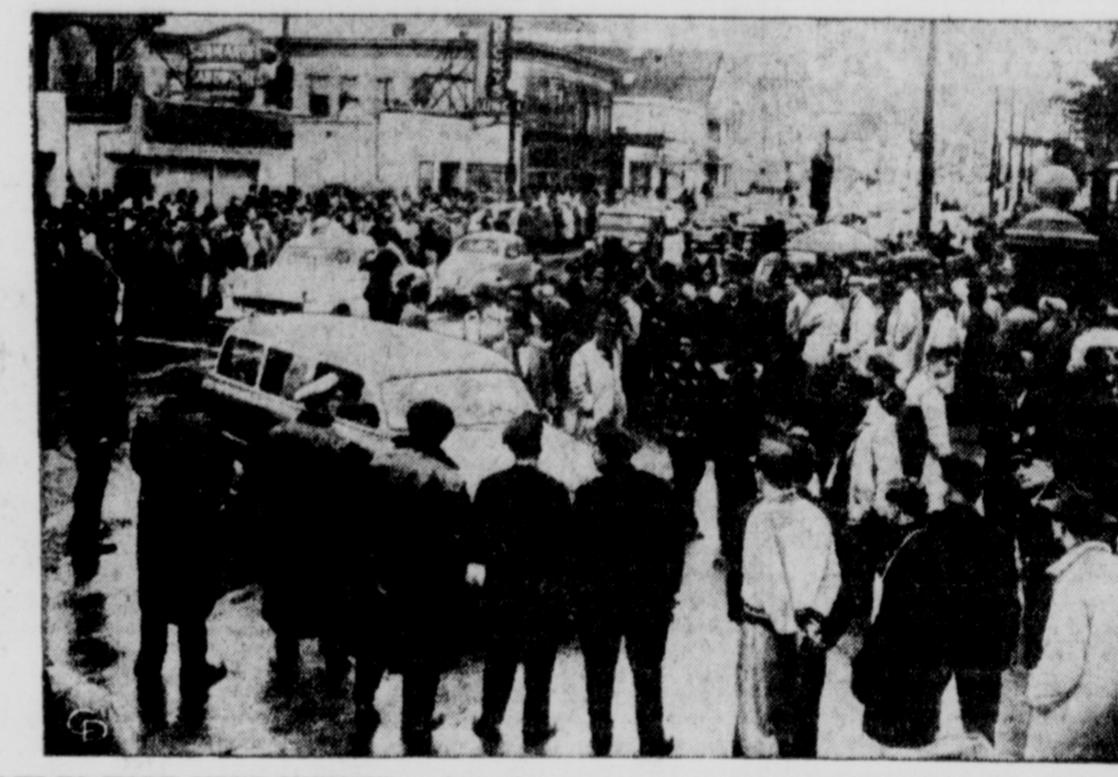

ALBANY, N. Y. (AP)—New Yorkers had a real foretaste of winter Tuesday—heavy snow, gusty winds, closed schools marooned automobiles and power failures.

A measurement of up to 1½ feet of snow was reported in the hills south of Utica. Seven inches fell south of Auburn.

Five inches of snow in the city of Auburn closed city schools. Six inches blanketed areas southwest of Syracuse disrupting utilities.

Gang Kills Villagers

JAKARTA, Indonesia (AP)—Fourteen villagers were killed in a raid on the West Java village of Djabal Girimukti by a 100-man armed gang Sunday night, reports retelling here today said.

BACK TO WORK MOVE STYMIED — A station wagon moves across a picket line at the General Electric plant in Lynn, Mass., while pickets mill around the entrance. A general back-to-work movement was prevented by some 1,200 members of two locals of American Federation of Technical Engineers.

Ike Rates U.S. At Record Peak

No Giant New Plans Needed Now, Belief

HOUSTON, Tex. (AP)—President Eisenhower rates America as history's most powerful nation. He says it needs no giant new defense programs or any massive economic shot in the arm from the federal government.

The President ended a cross-country speaking tour on that note Monday night—a nine-day trip billed by the White House as non-political. Today he flies back to Washington to prepare for putting on his political gloves in a stretch-drive effort to elect the Nixon-Lodge ticket.

With Nixon on the train were Mrs. Nixon and three Eisenhower Cabinet members—Interior Secretary Fred A. Seaton, Attorney General William P. Rogers and Arthur Flemming, secretary of health, education and welfare.

They will take a motorcade tour over a 10-mile route to their downtown hotel (Sheraton - Gibson) where the Republican Party and reporters reserved a total of 250 rooms.

The Cincinnati Gardens normally seats 15,000 persons for sports events, but capacity is expected to nudge near 20,000 for the rally.

A seat at the rally is on a first-come, first-served basis. Before Nixon's appearance, plans are for entertainment by Les Paul and Mary Ford, and Tony Pastor's orchestra.

A crowd estimated by police at 1,000, predominately college-age young people, greeted Lodge at City Airport Monday night and crowded around him.

Johnson Needles GOP for Bypassing 'Great Issues'

LOS ANGELES (AP)—Sen. Lyndon B. Johnson accuses the Republicans of bypassing what he terms the great issues and talking only "about two islands 9,000 miles away from Miami, and Mr. Kennedy's religion."

The Democratic vice-presidential nominee, ad-libbing to fill out TV time Monday night, said: "We can't get the Republicans to talk about any of the great issues—help for the farmers, better schools or care for the aged—or Cuba."

The fact that censure took the place of a vote on the bill caused many deputies to hold back on expressing their opposition. Had the censure motion won, Debre could have been overthrown. De Gaulle, who's own job was not at stake, probably would have called for new parliamentary elections or a referendum.

The bill now goes to the Senate, where it is expected to get further rough criticism, and finally back to the Assembly.

Religious Issue Killing Kennedy In Minnesota

MINNEAPOLIS (AP) — Sen. John F. Kennedy received a report Monday that a secret poll made by the agency showed overwhelming belief in other countries that Soviet military strength will surpass that of the United States within 10 years.

Today, the New York Times quoted reliable sources abroad as saying a survey report by the USIA's research division found an almost unanimous belief that the Soviet Union is the leading military power.

George V. Allen, head of the USIA, declined to comment on the broadcast report or to say whether such a poll had been made.

Sen. John F. Kennedy, the Democratic presidential nominee, has made a campaign issue of what he calls declining U.S. prestige abroad. Both he and Sen. J. William Fulbright, D-Ark., have asked the USIA about any polls showing such a trend, but agency officials have replied that no recent poll on the subject has been made.

The White House last week denied a story in the Washington Post that a presidential committee on U.S. information activities had reported a decline in U.S. prestige.

The CBS broadcast said a government report compiled by the USIA research division in August contains the information about which Fulbright had asked.

The broadcast said the report gave the Soviet Union a slight edge in opinions of which country is stronger today and an overwhelming margin on relative strength in 1970. The broadcast said that despite Soviet gains, however, the report shows a general belief the United States will still have a strong retaliatory ability that will deter Soviet aggression.

Rivkin's report also included Iowa, where he finds the religious issue cutting as deeply as in Minnesota, the story said.

Meanwhile, Kennedy campaigned in Chicago suburbs with the charge that his Republican opponent, Richard M. Nixon, raised a false issue to defeat federal aid to education.

The Democratic candidate said the false issue is a fear that federal controls would go along with federal funds.

Kennedy made the charge in a speech prepared for delivery at a shopping center in Carpentersville. It was one of many stops planned in a 14-hour motorcycle tour.

The 19-year-old desperado and one of his three companions in the Sunday escape were caught late Monday by police who surprised them in a summer cabin on the shore of nearby Clayton Lake.

Jennings and Glenn Burleson, 26, were flushed from their hideaway by police who invaded the cabin while the two were frying eggs. They tried to flee on foot but were captured in woods not far away.

State trooper Blane Huff, a relative of Jennings by marriage, placed the Pulaski youth under arrest.

Huff last April had risked his life to speak with Jennings while the young laborer, armed with a shotgun, held off besieging police at the home of his father-in-law. Jennings had barricaded himself in the house with his 10-year-old sister-in-law as hostage. Tear gas finally routed him from the residence and he was hauled, screaming, to jail.

Jennings last week was sentenced to prison terms totaling 34 years for his April 11-12 escapade.

Gang Kills Villagers

County Court Is Hearing Assault Case

Common Pleas Judge William Ammer is hearing the case for the State of Ohio vs. Clarence Felt, Route 2, Ashville, who is being charged with two offenses of an assault on minor children.

Felt was indicted by the September term of the Pickaway County Grand Jury. He pleaded not guilty on both charges at his arraignment following the Grand Jury indictment.

The jury trial began yesterday morning with the testimony of the children involved and one of the parents. The State has presented witnesses today.

The members of the jury were taken to the scene of the alleged assault at 9 a.m. today. The offense allegedly occurred July 10, 1960.

Ray Davis, prosecuting attorney, represents the State of Ohio; William Sammons, Chillicothe attorney, represents the defense.

Juvenile Court Sentences Two

Two juvenile delinquents were sentenced in Juvenile Court last week by Judge Guy Cline.

A 12-year-old boy was sentenced to BIS for theft of a rifle and shells from a Canal Road residence. The sentence was suspended and the youth was placed on probation for two years.

Joseph Robina, Rockbridge, O., was sentenced to Mansfield Reformatory on a charge of breaking and entering during the night season. Robina had four previous convictions to the BIS and 18 escapes from the institution during his sentence there.

County Court Is Hearing Assault Case

Common Pleas Judge William Ammer is hearing the case for the State of Ohio vs. Clarence Felt, Route 2, Ashville, who is being charged with two offenses of an assault on minor children.

Felt was indicted by the September term of the Pickaway County Grand Jury. He pleaded not guilty on both charges at his arraignment following the Grand Jury indictment.

The jury trial began yesterday morning with the testimony of the children involved and one of the parents. The State has presented witnesses today.

The members of the jury were taken to the scene of the alleged assault at 9 a.m. today. The offense allegedly occurred July 10, 1960.

Ray Davis, prosecuting attorney, represents the State of Ohio; William Sammons, Chillicothe attorney, represents the defense.

Juvenile Court

Sentences Two

Two juvenile delinquents were sentenced in Juvenile Court last week by Judge Guy Cline.

A 12-year-old boy was sentenced to BIS for theft of a rifle and shells from a Canal Road residence. The sentence was suspended and the youth was placed on probation for two years.

Joseph Robina, Rockbridge, O., was sentenced to Mansfield Reformatory on a charge of breaking and entering during the night season. Robina had four previous convictions to the BIS and 18 escapes from the institution during his sentence there.

Who's Bidding Price of Gold To New Highs?

Europeans Believed To Be Heading Move In London Market

By SA MDAWSON
AP Business News Analyst
NEW YORK (AP)—Who is bidding up the price of gold on the London Market? Yesterday, it shot up above \$40 an ounce again—\$5 more than the U.S. Treasury selling price.

After gold's wild rise Thursday to nearly \$41, the U.S. Treasury flatly said it wouldn't raise its buying or selling price and the London free market subsidized Friday with gold closing around \$37.

The central banks of other nations could sell gold on the London market, taking the \$40 to buy gold from the United States at \$35, and pocket the \$5 profit.

Wall Street bankers say that last week at least there was no sign that any central banks were involved either in buying the gold or in supplying it to the market.

There is every sign that the United States is firmly discouraging any such run on its gold stocks. Wall Street bankers doubt if any friendly nation would go against Washington's wishes at this time, since such a devaluation of the dollar might upset all world foreign exchange markets, as well as playing into Soviet hands.

American speculators could be selling and buying gold on the London market. They can't do so here as the law permits sales only for art and industrial purposes or to other governments and their central banks, or to some international monetary bodies.

But Americans can, and have, bought and sold gold through Swiss banks, where their transactions can be confidential. Americans also can buy gold bars in Canada, but can't bring them back home.

Some American buying could be pure gambling on the chances of a rise in the price of gold—for a quick killing.

But Britons say some American buying could be tied to the uncertainties of the American election. Talk of devaluation if the Democrats win—talk which Sen. John F. Kennedy has denied—could lead American financiers to seek gold as a hedge.

Devaluation of the dollar before the election by a Republican administration would play into Democrats' hands—and not even Europeans think that remotely likely.

But the biggest demand for gold on the London market is believed to come from European, Middle and Far East speculators, who have been in and out of the world gold markets for years—and from peasants in many lands who turn to gold whenever doubts are aired about the value of currencies.

Such doubts today are tied to the fear that no matter what the U.S. Treasury says it will be forced to devalue the dollar.

The reasoning—all of which is denied by the Treasury—is: A deepening recession could put the Treasury into deficit financing again, reviving inflation; that the three-year excess in the amount of money has been spending for imports, overseas investments and foreign aid over what it has taken in from its exports and returns on its investments could mean that its steady loss of gold will continue. The Treasury now has \$18.5 billion in gold. In 1949 it had \$24 billion.

The free market in gold in London isn't a big one. Through it, the British treasury sells newly mined gold from South Africa and Australia. And on it private gold holdings can be traded. The Soviet Union has apparently made use of it through Swiss bankers when it suited Soviet purposes.

But most of the gold outside Soviet hands is held by the United States and the governments and central banks of the non-Communist world.

If these banks stick by the U.S. Treasuries stand, the gold rush in London may prove just another of the passing ones—the last big one was in 1952, when black market prices went to \$55 an ounce, with rumors of its having touched \$60.

How U.S. Is Building Roads

Superhighways Cost Nation \$1 Million a Mile Now

Editors Note — The United States is pouring huge sums into a highway program designed, ultimately, to let you whiz from coast to coast without a stop light. How well are the taxpayers' billions being spent? This is the first of four articles based on nearly five months investigation of the project.

By BEM PRICE
AP Staff Writer

WASHINGTON (AP) — The United States is now engaged on the colossal task of building 41,000 miles of superhighways at \$1 million a mile.

For many months now, this massive, four-year-old project has been plagued by rumors of widespread mishandling and corruption.

After nearly five months of on-the-spot investigation across the nation, the findings indicate that

Court To Review Decision on Bible

WASHINGTON (AP) — The Supreme Court today ordered a Philadelphia court to reconsider a decision that reading the Bible and reciting the Lord's Prayer in Pennsylvania schools violates the U.S. Constitution.

The high court based its action on a change in the old Pennsylvania law requiring the Bible reading and prayer.

The new law, unlike the old one found illegal, provides that students at the request of their parents may be excused from participating while the Bible is being read and the Lord's Prayer recited.

The Supreme Court vacated the judgment of a special three-judge federal court in Philadelphia holding the old law unconstitutional.

The high tribunal sent the case back to that court "for such further proceedings as may be appropriate" in light of the new law.

The tropical storms that are called hurricanes in the Atlantic are known as typhoons in the Pacific.

some reports of the programs troubles have been exaggerated. But they also indicate that, around the edges, the project is sometimes beset by politics and profiteering, folly and fraud.

And so is the 44-year-old federal-state program for building, primary, secondary and urban roads.

In most cases, excellent highways are being built at an apparently reasonable cost.

And once the superhighways are completed—in 1975 if all goes well—you'll be able to zip from coast to coast at 60 or 70 miles per hour without encountering a stop light.

Nevertheless the programs are afflicted by problems ranging from simple ineptitude to brazen frauds—and taxpayers are footing the bill.

Every time you buy a gallon of gas you contribute four cents to the federal government's share of highway building costs. You pay an equal amount, or more, in state gas taxes.

Due to the vastness of the great federal program, even five months investigation could not cover the details in every state. Facts disclosed in one state, however, could apply to many. Much of what has been going on in the highway programs is already known to Congress. Further investigation by federal or congressional agents with subpoena power may disclose additional troubles.

Meantime, what has this reporter's survey turned up?

One land-buying scandal in Indiana has already been highly publicized. Two others of even greater scope appear to be brewing in Massachusetts and Florida.

A congressional investigating committee says a case of possible fraud in road materials is developing in West Virginia.

In New Mexico a \$1-million road began crumbling before it was half completed. At least four other roads in New Mexico are in "distress" though they are less than three years old.

These are only a few examples. There is, additionally, the \$176-million federal bureaucratic goof which resulted in the building of

800 bridges too low to permit passage of certain defense equipment, including some missiles and tank field maintenance vehicles.

Two road-building programs across the nation are involved.

The first began in 1916 and under this program the federal government matches state road funds on a 50-50 basis. Currently the federal government is contributing \$925 million a year to this program.

The special "superhighway" program began in mid-1956. Under this program the federal government reimburses the states at the rate of 90 cents for each dollar spent.

These superhighways are designed to standards believed necessary to handle traffic in 1975. Fifteen years from now there will be an estimated 111 million vehicles on the roads, compared to 73 million now.

Upon completion, the superhighways are expected to carry about 20 per cent of the nation's traffic and will connect 90 per cent of all cities over 50,000 population.

Since July 1, 1956, about \$3.5 billion, including \$3 billion in federal monies, has been spent by the states and federal government on the primary, secondary and urban road program.

In that same period \$6.5 billion, including \$3.4 billion in federal monies, has been spent by the primary, secondary and urban road program.

At present the expenditure of another \$5 billion for superhighways has been authorized, while \$3 billion has been earmarked for primary, secondary and urban roads.

The federal contribution for this future construction will be \$5,316,700,000 of the \$8,065,900,000 total.

What has it all bought and what is it buying?

To date, 3,692 miles of superhighways have been built with federal financial participation to 1975 high-speed standards and an additional 3,139 miles of existing primary roads have been improved to meet needs of the 1960s.

Additionally work is under way on 4,690 miles and rights-of-way are being acquired for 10,092 miles.

These figures do not include the several thousand miles of toll expressways incorporated into the interstate system but financed by the states alone without federal participation.

As for the primary, secondary and urban road program, approximately 100,000 miles have been built or improved in the past four years. Contracts have been signed for work on an additional 26,000 miles.

Public Notice A Vital Right

By JAMES E. POLLARD
(Copyright)

The State of Maine made history in September, 1957, when its voters decided to bring that state in line with the others as to the date of its general election. For decades Maine had held its state-wide elections earlier than any of the other states. This gave rise to the political saying, somewhat disproved in recent years, that "As Maine goes, so goes the nation."

Since 1958, therefore, Maine has no longer served as a sort of political barometer. Under its constitution, as amended, its general elections, as in most of the other states, are to be held on the Tuesday following the first Monday in November."

The first major step in bringing about this change was a resolution adopted by the state legislature. But this, to be effective had to be ratified by the voters. This, in turn was submitted at a special election.

Although this particular issue, along with four others submitted at the same time, had wide news coverage in the press and other news media, it was carried also in the newspapers as legal advertising or public notice. This was in compliance with a longstanding principle of law based on the public's right to know. For this purpose the bona fide newspaper is the principal medium specified by law in hundreds of public notice situations.

5 Million More Voters Expected

WASHINGTON (AP) — Next month's presidential election may bring out five million more voters than the 1956 contest between President Eisenhower and Adlai E. Stevenson.

An Associated Press compilation of estimates from state officials and political experts in the 50 states indicated a record 67 million votes next month from the 84 million eligible to cast ballots. The 1956 presidential race drew 62,027,940 votes from an estimated 50 million eligibles.

The figures were based on actual registrations in states which require advance listing of potential voters, and on voting habits and surveys in those states which have no registration requirement.

Who's Bidding Price of Gold To New Highs?

Europeans Believed To Be Heading More In London Market

By SA MDAWSON
AP Business News Analyst
NEW YORK (AP) — Who is bidding up the price of gold on the London Market? Yesterday, it shot up above \$40 an ounce again — \$5 more than the U.S. Treasury selling price.

After gold's wild rise Thursday to nearly \$41, the U.S. Treasury flatly said it wouldn't raise its buying or selling price and the London free market subsided Friday with gold closing around \$37.

The central banks of other nations could sell gold on the London market, taking the \$40 to buy gold from the United States at \$35, and pocket the \$5 profit.

Wall Street bankers say that last week at least there was no sign that any central banks were involved either in buying the gold or in supplying it to the market.

There is every sign that the United States is firmly discouraging any such run on its gold stocks. Wall Street bankers doubt if any friendly nation would go against Washington's wishes at this time, since such a devaluation of the dollar might upset all world foreign exchange markets, as well as playing into Soviet hands.

American speculators could be selling and buying gold on the London market. They can't do so here as the law permits sales only for art and industrial purposes or to other governments and their central banks, or to some international monetary bodies.

But Americans can, and have, bought and sold gold through Swiss banks, where their transactions can be confidential. Americans also can buy gold bars in Canada, but can't bring them back home.

Some American buying could be pure gambling on the chances of a rise in the price of gold—for a quick killing.

But Britons say some American buying could be tied to the uncertainties of the American election. Talk of devaluation if the Democrats win—talk which Sen. John F. Kennedy has denied—could lead American financiers to seek gold as a hedge.

Devaluation of the dollar before the election by a Republican administration would play into Democrats' hands—and not even Europeans think that remotely likely.

But the biggest demand for gold on the London market is believed to come from European, Middle and Far East speculators, who have been in and out of the world gold markets for years—and from peasants in many lands who turn to gold whenever doubts are aired about the value of currencies.

Such doubts today are tied to the fear that no matter what the U.S. Treasury says it will be forced to devalue the dollar.

The reasoning—all of which is denied by the Treasury—is: A deepening recession could put the Treasury into deficit financing again, reviving inflation; that the three-year excess in the amount of money has been spending for imports, overseas investments and foreign aid over what it has taken in from its exports and returns on its investments could mean that its steady loss of gold will continue. The Treasury now has \$18.5 billion in gold. In 1949 it had \$24 billion.

The free market in gold in London isn't a big one. Through it, the British treasury sells newly mined gold from South Africa and Australia. And on it private gold holdings can be traded. The Soviet Union has apparently made use of it through Swiss bankers when it suited Soviet purposes.

But most of the gold outside Soviet hands is held by the United States and the governments and central banks of the non-Communist world.

If these banks stick by the U.S. Treasury stand, the gold rush in London may prove just another of the passing ones—the last big one was in 1952, when black market prices went to \$55 an ounce, with rumors of its having touched \$60.

How U.S. Is Building Roads

Superhighways Cost Nation \$1 Million a Mile Now

Editors Note — The United States is pouring huge sums into a highway program designed, ultimately, to let you whiz from coast to coast without a stop light. How well are the taxpayers billions being spent? This is the first of four articles based on nearly five months investigation of the project.

By BEM PRICE
AP Staff Writer

WASHINGTON (AP) — The United States is now engaged on the colossal task of building 41,000 miles of superhighways at \$1 million a mile.

For many months now, this massive, four-year-old project has been plagued by rumors of widespread mishandling and corruption.

After nearly five months of on-the-spot investigation across the nation, the findings indicate that

Court To Review Decision on Bible

WASHINGTON (AP) — The Supreme Court today ordered a Philadelphia court to reconsider a decision that reading the Bible and reciting the Lord's Prayer in Pennsylvania schools violates the U.S. Constitution.

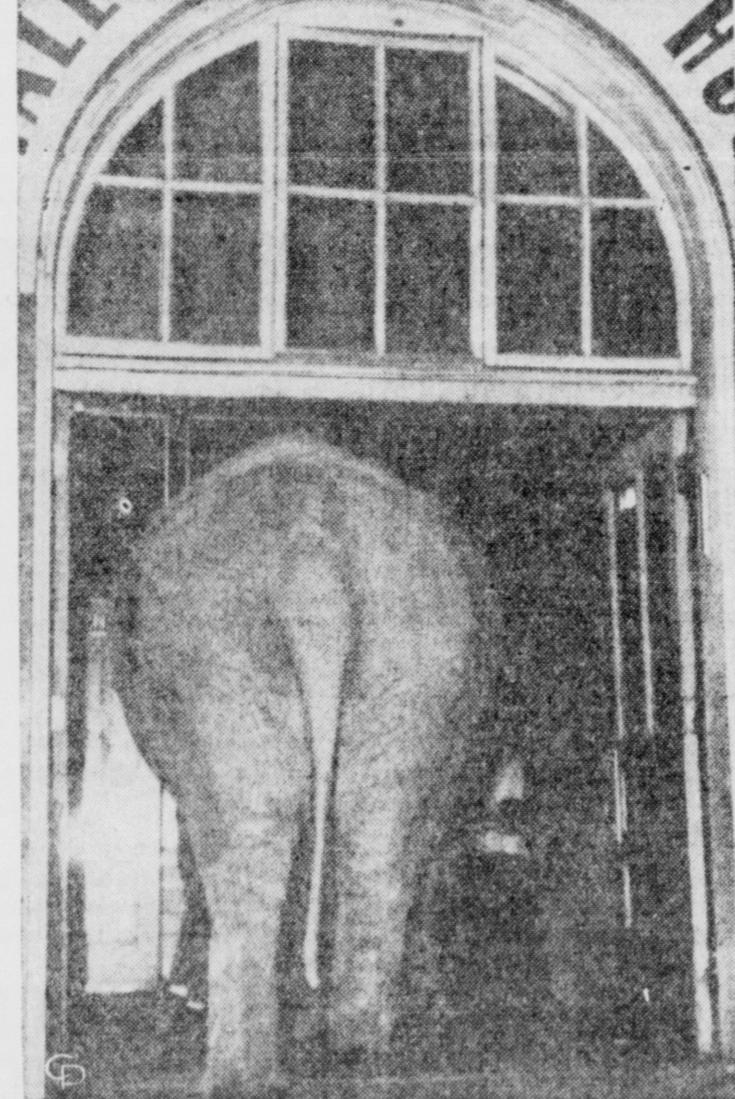

The high court based its action on a change in the old Pennsylvania law requiring the Bible reading and prayer.

The new law, unlike the old one found illegal, provides that students at the request of their parents may be excused from participating while the Bible is being read and the Lord's Prayer recited.

The Supreme Court vacated the judgment of a special three-judge federal court in Philadelphia holding the old law unconstitutional.

The high tribunal sent the case back to that court "for further proceedings as may be appropriate" in light of the new law.

These are only a few examples. There is, additionally, the \$176-million federal bureaucratic goof which resulted in the building of

Black Dragon Back Again?

Stabbing of a radical political leader in Japan throws the somber shadow of government - by - assassination over that country again.

From 1929 until World War II politicians lived in fear of their lives because of the ruthlessness of secret organizations, the most notorious having been the "Black Dragon" society. Members, including young army officers, believed in direct action. This came in two forms.

One was the assassination of political leaders who stood in the way of the extremist military program. The other was the execution of some military coup by a section of the army without the consent or even the knowledge of the central government.

Japan today is different in many

On Searching Hubby's Pockets

NEW YORK (AP) — Did there ever live a wife who didn't enjoy looking through her husband's pockets?

It is highly doubtful—not if she really loved him.

If you bring up this question at a social gathering, some lady is bound to declare in ringing tones: "I have been married 20 years, and never went through my husband's pockets once. Why, I wouldn't think of doing such a

thing!"

When you hear a woman make a flat statement like that, you can figure, in most cases, that she ought to go right home and wash her mouth out with soap, her husband doesn't have any pockets or she never cared enough about him to look through his pockets.

One of the big differences between husbands and wives is their curiosity about each other.

The average husband may have been a green-eyed suitor during courtship, but after marriage he tends to take his wife for granted.

When she objects to this, he tells her in wondering surprise, "Why shouldn't we take each other for granted? Didn't I stand up before the preacher man with you and make all them big vows? Didn't you make all them big vows, too?"

That settles the matter for him.

The mid-point in the campaign has been passed and there has been little change in atmosphere.

Sen. John Kennedy has become somewhat aggressive but he takes too much technical advice from his Harvard colleagues some of whom are doctrinaire liberals; Vice President Richard Nixon continues to move in smooth stride.

Never have I witnessed a calmer, less exciting campaign.

Apparently Charles Taft's pledge for what is called a clean campaign is being lived up to except by Harry Truman, who is not a candidate. It is also a deadly uninspiring campaign.

Why should anyone want these two very likable men to slug it out? The answer is quite simple and correct. There has been no debate in a Presidential contest since 1932. We have been suffering from the same goals but different means."

We have been deprived of reason by me-tooism. We have lost all

sense of proportion by the cry of the frightened ones that debate, discussion, reason would only supply the enemy with ammunition and give the impression of a divided America.

Black Dragon Back Again?

Stabbing of a radical political leader in Japan throws the somber shadow of government - by - assassination over that country again.

From 1929 until World War II politicians lived in fear of their lives because of the ruthlessness of secret organizations, the most notorious having been the "Black Dragon" society. Members, including young army officers, believed in direct action. This came in two forms.

One was the assassination of political leaders who stood in the way of the extremist military program. The other was the execution of some military coup by a section of the army without the consent or even the knowledge of the central government.

Japan today is different in many

respects from the Japan of the 1930s. The military is under the control of the government. The nation as a whole is regarded as anti - militaristic.

But assassination is an ugly development in modern Japanese politics. When men of whatever political hue begin to weigh their decisions with the possibility of sudden death in mind, the outlook is not rosy.

One was the assassination of political leaders who stood in the way of the extremist military program. The other was the execution of some military coup by a section of the army without the consent or even the knowledge of the central government.

Japan today is different in many

Courtin' Main

Most girls don't mind sharing a man's lot. The problem is to find a man who has a lot.

On Searching Hubby's Pockets

NEW YORK (AP) — Did there ever live a wife who didn't enjoy looking through her husband's pockets?

It is highly doubtful—not if she really loved him.

If you bring up this question at a social gathering, some lady is bound to declare in ringing tones: "I have been married 20 years, and never went through my husband's pockets once. Why, I wouldn't think of doing such a thing!"

When you hear a woman make a flat statement like that, you can figure, in most cases, that she ought to go right home and wash her mouth out with soap, her husband doesn't have any pockets or she never cared enough about him to look through his pockets.

One of the big differences between husbands and wives is their curiosity about each other.

The average husband may have been a green-eyed suitor during courtship, but after marriage he tends to take his wife for granted. When she objects to this, he tells her in wondering surprise, "Why shouldn't we take each other for granted? Didn't I stand up before the preacher man with you and make all them big vows? Didn't you make all them big vows, too?"

That settles the matter for him.

The donning of the marital harness ends his doubt of her. Now and then he is startled into wonder by some feminine whim she demonstrates, but he decides philosophically that all women are like that. His basic curiosity about his wife is satisfied when she decides to spend her life with him.

The fact he has her love is enough for him.

He wouldn't think of secretly going through the handbag she carries in order to find clues to her inner life and her way of thinking.

Ask him why, and he'll probably reply: "It never occurred to me.

If she has anything on her mind, she'll tell me—and not just once, either."

"Anyway, it would take a day

to paw through all the junk she carries. The only thing I can't see is how a girl her size and weight can pack around all that trash without breaking her back."

But a woman, no matter how much her husband loves her, never quite loses her all-enveloping curiosity about him. She wants to know everything about him—from the callous on the sole of his foot to the dandruff in his thinning scalp.

Since a husband's grunts aren't very communicative, she likes to go through his pockets. "I had to empty them so I could send your love with him.

By Hal Boyle

suit to the cleaner," she explains carefully.

It isn't—after the first few years—that she mistrusts him and expects to find a love note proving he has a secret girl friend. It's just that the contents of his pockets tell her things about him she wants to know.

Does she find three packs of cigarettes? That means it's time for her to lecture him again on smoking too much.

What about this invitation to a friend's party next Tuesday? He had forgotten to tell her. They'd have missed it—if she hadn't decided to send his suit to the cleaners.

Why is he carrying these anti-acid tablets? Is he afraid he's getting an ulcer and doesn't want to admit it? She'll insist he go to the doctor for a checkup.

A wife is a natural detective.

The pockets of her husband tell her 101 little things about him that Sherlock Holmes couldn't guess—because she looks with the careful eyes of love.

The time for a husband to worry is when his wife quits going from the callous on the sole of his foot to the dandruff in his thinning scalp.

For a woman who isn't curious about a man can hardly be in much of a nuisance to my children as they have been to me."

"Any man," opines Wise Old Owl Jack E. Leonard, "who thinks he's more intelligent than his wife is married to a darn smart woman."

LAFF-A-DAY

"Say, boss, do I have to pay for an office visit every time I read Dr. Parker's meter?"

Try and Stop Me

By BENNETT CERF

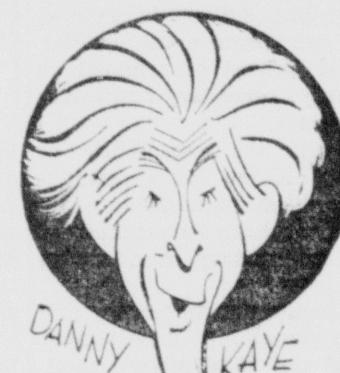

DANNY KAYE, attending a party outside Washington, D.C., was shown through the house by his young and vivacious hostess. The tour completed, she asked, "Well, did you like it?" Danny replied sincerely, "What I liked best was your beautiful kiss."

The young hostess misunderstood Danny. She thought he had said "kitchen." "You should have seen it before it was fixed up," she laughed gaily.

"What a mess!" Overhead on the fathers' bench at a seaside fathers-and-sons softball game: "I would like to live long enough so I could be as much of a nuisance to my children as they have been to me."

"Any man," opines Wise Old Owl Jack E. Leonard, "who thinks he's more intelligent than his wife is married to a darn smart woman."

Toledo's 'Peck's Bad Boy' Didn't Expect Firing Squad

By JACK COWIE
Columbus Dispatch Staff Writer

COLUMBUS, Ohio (AP)—William A. Morgan, Toledo soldier of fortune, expected to die in Cuba, but not in front of a Castro revolutionary government firing squad as appears to be his fate.

Morgan is charged with plotting against the Castro regime. He reportedly was involved with anti-Castro forces in the interior of Cuba and was said to have aided Castro foes to escape.

The former "Peck's bad boy" of Toledo told me six months ago it was in the "books" for him to die a violent death.

But he thought death would come quickly from either supporters of

Trujillo's Dominican Republic government, or Cuban counter-revolutionary forces.

Morgan was outspoken against Communism as we toured a Cuban farm area where he was developing a frog farm. F. C. Emmick Toledo, was in Cuba at that time establishing a firm for export of frog legs to the United States. Morgan said he had not met Emmick prior to that time.

Morgan said on this sunny day, 30 miles from Havana:

"I am accused of being a Communist, but that is far, far from the truth."

Morgan apparently since found how wrong he was in his next statement:

"I know Communism has no chance in Cuba."

Morgan lost his American citizenship when he fought with the Fidel Castro forces in the revolution which unseated the Batista government.

Here's Timetable For Balloon Moon

LONDON (AP)—A record 250 veteran autos will make this year's pilgrimage from London to Brighton Nov. 6 to celebrate the 65th anniversary of the end of red flag domination of the British motorist.

All competing autos must be manufactured before 1905 to be eligible for the rally. The event dates from Nov. 14, 1896, when Britain's locomotives and highways act was repealed. Until then a man carrying a red flag had to go in front of cars.

This year 12 overseas entrants will take part in the 60-mile run.

Chosen as the official representative of the United States Veteran Car Club is a 1903 Oldsmobile runabout entered and driven by Ray Henry of Hartzel Road, North Benton, Ohio.

Ohio Obscene Book Ruling To Be Studied

WASHINGTON (AP)—The U.S. Supreme Court today agreed to rule on constitutionality of an Ohio law making it a crime "knowingly" to have in one's possession an obscene book or picture.

Validity of the statute was attacked by counsel for Mrs. Dollie Mapp, who got a sentence of up to seven years in the state women's reformatory after police found alleged obscene books and pictures in her Cleveland home.

Mrs. Mapp said the items belonged to a former roomer whose possessions she stored pending his return to pick up his property.

Four of the seven judges of the Ohio Supreme Court said the law was unconstitutional. But the Ohio Constitution says no law may be held unconstitutional without the concurrence of at least six of the state supreme court judges.

The Ohio Supreme Court also said the woman's conviction was based on evidence unlawfully seized during an unlawful search of her home. But it explained that in Ohio such evidence is admissible in a criminal case.

A brief filed by counsel for Ohio asked the U. S. Supreme Court to dismiss Mrs. Mapp's appeal, or affirm her conviction. The brief said police went to her home on May 23, 1957 after being told a person wanted for questioning in a bombing was hiding there, and lottery paraphernalia also was hidden there.

Mrs. Mapp was released on \$2,500 bond pending appeals.

Salem Council OKs New City Income Tax

SALEM, Ohio (AP)—City Council Monday night unanimously passed an ordinance calling for a tax of one-half of one per cent on income earned in the city, beginning next Jan. 1. A previous income tax ordinance passed by council Aug. 21 was vetoed by Mayor Dean B. Cranmer, who said the yield would be in excess of the amount needed.

The new ordinance calls for the tax to be in effect for one year. The old one called for the tax to become effective Oct. 1 and last for 15 months. The city will receive an estimated \$150,000 from the tax under the new ordinance.

Railroader Is Killed

DAYTON, Ohio (AP)—A brakeman for the New York Central Railroad was killed Monday night in nearby Moraine City when he apparently fell from a freight car to an adjoining track, between moving cars. He was Hubert Norman, 34-year-old Dayton father of two.

He said he had talked with his mother by phone many times since the fall of Batista.

Morgan also talked of Fidel Castro who during the early days of the revolution gave Morgan command of the southern port city of Cienfuegos.

Morgan talked of his U.S. Army days. He served in Japan and was discharged in 1950 from the 82nd Airborne Division.

He also said:

"Fidel Castro will never turn Communist."

Six months later he must have had ample cause to wonder.

Lowest temperatures of the autumn were reported over most of Ohio this morning. Just before sunrise Zanesville reported 22°. Marietta and Columbus 24 and Toledo 21.

Cloudiness from Lake Erie held temperatures in the mid-30s in the northeast half. At Youngstown, the dominions Ohio is moving eastwardly dropped light snow flurries.

The cold air mass which now dominates Ohio is moving eastward and by Wednesday morning winds will shift to southeasterly. Temperatures will be near freezing over much of the state tonight, but it will be considerably warmer by Wednesday afternoon.

An approaching cold front will bring some cloudiness and a chance of a few showers for Wednesday, although much of the state will remain fair.

Dillon Dam Trash Boom Contract Is Awarded

HUNTINGTON, W.Va. (AP)—A West Virginia firm—G. S. Marple of Cowen—has been awarded a contract for construction of a trash boom at the Dillon (Ohio) Reservoir project on the Licking River. The U.S. Engineers said Marple submitted a bid of \$20,445 for constructing the 1,900-foot boom which will be used to remove debris from water behind the dam.

The new ordinance calls for the tax to be in effect for one year. The old one called for the tax to become effective Oct. 1 and last for 15 months. The city will receive an estimated \$150,000 from the tax under the new ordinance.

They followed him into the Havana apartment house in which Morgan lived on the sixth floor with a Cuban wife he married following the fall of Batista.

Shortly before I left Morgan to return to my hotel, he discussed his mother much like a man who wanted to relive his life. He talked as a man who wanted to live so he again could enjoy the finer things of life.

He talked at length as he told of his early days in Toledo—he ran away to sea when 15. He said his father, now dead, was formerly with the Toledo Edison Electric Co.

He said he had talked with his mother by phone many times since the fall of Batista.

Morgan also talked of Fidel Castro who during the early days of the revolution gave Morgan command of the southern port city of Cienfuegos.

Morgan talked of his U.S. Army days. He served in Japan and was discharged in 1950 from the 82nd Airborne Division.

He also said:

"Fidel Castro will never turn Communist."

Six months later he must have had ample cause to wonder.

Ohio Air Guard Plans Return To Michigan

COLUMBUS, Ohio (AP)—The Ohio Air National Guard will use Phelps Collins Field near Alpena, Mich., for its two weeks of summer training in 1961.

Col. Dale E. Shafer Jr. of Germantown, wing commander, said today that the approximately 1,800 airmen and officers will report either July 8 or 22. The last time the Ohio Air Guard used the Michigan training base was in 1958. For the last two years, Volk Field in Wisconsin has been the site.

Squadrons of F84F jet fighter-bombers from Mansfield, Springfield and Columbus will fly to Michigan. The Ohio Air Guard squadron based at Toledo will continue to train with the Indiana Air Guard, and will go to Volk Field again next summer.

Col. Shafer also announced that Dr. Ernest H. Planck Jr. of Akron, a lieutenant colonel in the Air Guard, has been named commander of the 121st Tactical Hospital. Planck succeeds Col. Henry A. Crawford, a Shaker Heights surgeon, who retired last month after 36 years in the National Guard.

Everyone Afraid Of Farm Problem?

COLUMBUS, Ohio (AP)—No one in public life wants to tackle the farm problem, Byron Frederick, master of the Ohio State Grange, told delegates at their 88th annual session here today.

Frederick, who lives at Copley near Akron, said the farm problem is "so simple and glaring and has so many political implications."

"The farmer's problem," Frederick asserted to the 2,500 delegates, "stems from the fact that too many people get too big a bite out of farm products before they reach the ultimate consumer."

Frederick said the Grange "tends to lean on Columbus, Ohio, and Washington, to solve all our problems for us while we sit by and shirk our duties as citizens."

Ohio Obscene Book Ruling To Be Studied

WASHINGTON (AP)—The U.S. Supreme Court today agreed to rule on constitutionality of an Ohio law making it a crime "knowingly" to have in one's possession an obscene book or picture.

Validity of the statute was attacked by counsel for Mrs. Mollie Mapp, who got a sentence of up to seven years in the state women's reformatory after police found alleged obscene books and pictures in her Cleveland home.

Mrs. Mapp said the items belonged to a former roomer whose possessions she stored pending his return to pick up his property.

Four of the seven judges of the Ohio Supreme Court said the law was unconstitutional. But the Ohio Constitution says no law may be held unconstitutional without the concurrence of at least six of the state supreme court judges.

The Ohio Supreme Court also said the woman's conviction was based on evidence unlawfully seized during an unlawful search of her home. But it explained that in Ohio such evidence is admissible in a criminal case.

A brief filed by counsel for Ohio asked the U. S. Supreme Court to dismiss Mrs. Mapp's appeal, or affirm her conviction. The brief said police went to her home on May 23, 1957 after being told a person wanted for questioning in a bombing was hiding there, and lottery paraphernalia also was hidden there.

Mrs. Mapp was released on \$2,500 bond pending appeals.

This latter action had resulted in Morgan being surrounded at all times by armed guards. During the many hours I spent with him we were never more than several feet from two Cubans armed with automatic rifles.

They sat in the rear seat of a jeep in which Morgan and I drove many miles visiting the operations of which he was in charge. They sat on both sides of me as we ate "rebel style" in a shack which served as Morgans office.

They followed him into the Havana apartment house in which Morgan lived on the sixth floor with a Cuban wife he married following the fall of Batista.

Shortly before I left Morgan to return to my hotel, he discussed his mother much like a man who wanted to relive his life. He talked as a man who wanted to live so he again could enjoy the finer things of life.

He talked at length as he told of his early days in Toledo—he ran away to sea when 15. He said his father, now dead, was formerly with the Toledo Edison Electric Co.

He said he had talked with his mother by phone many times since the fall of Batista.

Donald Archer Is Speaker At Ashville Garden Club

Donald Archer, Pickaway County Soil Conservationist, headed the Ashville Garden Club program recently in the home of Mrs. Floyd Hook, Ashville.

Mrs. Richard Hedges presided during the business meeting and introduced Mr. Archer.

Mr. Archer spoke on soil and water conservation, not only in Pickaway County, but the United States.

His first statement concerned the proper meaning of conservation. It means saving, but in reality conservation is wise use or use without abuse.

Soil is essential in every activity that we know as human beings for the Bible states in the first sentence, "In the beginning God created the heaven and the earth."

In Genesies it says "The Lord God took the man and put him into the garden to keep it ever fruitful." But has man through the generations been a good keeper so that future generations will have plenty?

No, we have destroyed and have not kept the eighth commandment, "Thou shalt not steal." There is and old saying "As the soil goes, so goes the schools and churches" is still in effect, stated Mr. Archer.

Speaker Heads Nurses Meeting

Mrs. Frances Peace, assistant director of nursery at Ohio State University, was guest speaker at the Pickaway County Registered and Graduate Nurses Association meeting recently in the home of Mrs. Hugh Neff, Route 2.

Mrs. Peace spoke on the trends of nursing education. She stated that an intensified program stressing the need of more graduate nurses is being carried out in the United States.

She said that legislation is pending, granting the right to establish Junior Colleges in the State of Ohio. A complete two-year nursing course will be incorporated in these colleges.

Refreshments were served to 28 members by Mrs. Neff, assisted by Mrs. Paul Fenstermaker and Mrs. H. W. Fraas.

The November meeting will be held in the home of Mrs. Charles Wellman, 830 Atwater Ave.

Guild 38 Slates Hobo Party

A Hobo Party will be staged by members of Berger Hospital Guild No. 38 at 8 p.m. tomorrow in the home of Mrs. George Brown, Stoutsville.

Garden Club Council Plans Fall Session

Plans for a fall meeting highlighted the Pickaway County Council of Garden Clubs session held recently in the home of Miss Florence Brown, Ashville.

The fall meeting will feature a tea and demonstration of gift wrapping and home decorations for Christmas. Miss Betty Newton, Ohio Fuel Gas Co., will be guest speaker. The meeting will be held at Trinity Lutheran parish house, 149 E. Mound St., at 8 p.m. Wednesday, December 7.

Each club affiliated with the council is asked to furnish a dozen cookies and two door prizes. Circleville Garden Club members will be hostesses.

Officers who will serve on the Board of Trustees for the next two years are: Miss Florence Brown, president, Ashville Garden Club; Mrs. Franklin E. Smith, 1st vice-president, Monrovia; Mrs. Harry C. Kern, 2nd vice-president, Circleville; Mrs. Ted Corcoran, 3rd vice-president, Deer Creek; Mrs. James Hott, 4th vice-president, Solon; Mrs. Ned Reichelderfer, secretary, Derby; Mrs. Harold Gulick, treasurer, Commercial Point; Mrs. William Easterday, corresponding secretary, Deer Creek Garden Club.

It was announced that the president of each club represented in the council and all past presidents of the council will compose the Board of Trustees.

Clubs include Ashville, Circleville, Commercial Point, Derby, Deer Creek, Monrovia and Solon garden clubs.

Tea SWEET TALK

Ingredients: 1 package (6 ounces) bite-size shredded rice biscuits, 6 tablespoons butter or margarine, 2 tablespoons finely grated lime rind, 1/2 cup sugar.

Method: Divide the biscuits into 2 lots — 3 cups each; discard any shreds. Melt 3 tablespoons butter in large heavy skillet over low heat; mix in 1 tablespoon lime rind. Add biscuits; mix to coat with butter and rind. Sprinkle with 1/4 cup sugar, turning with wide spatula as you do so. Heat several minutes, turning a few times; do not melt sugar. Turn out on absorbent paper; cool to crisp. Prepare remaining biscuits with remaining ingredients the same way. Store in tightly covered container. Makes 6 cups.

Donald Archer Is Speaker At Ashville Garden Club

Donald Archer, Pickaway County Soil Conservationist, headed the Ashville Garden Club program recently in the home of Mrs. Floyd Hook, Ashville.

Mrs. Richard Hedges presided during the business meeting and introduced Mr. Archer.

Mr. Archer spoke on soil and water conservation, not only in Pickaway County, but the United States.

His first statement concerned the proper meaning of conservation. It means saving, but in reality conservation is wise use or use without abuse.

Soil is essential in every activity that we know as humans beings for the Bible states in the first sentence, "In the beginning God created the heaven and the earth."

In Genesys it says "The Lord God took the man and put him into the garden to keep it ever fruitful." But has man through the generations been a good keeper so that future generations will have plenty?

No, we have destroyed and have not kept the eighth commandment. "Thou shall not steal." There is and old saying "As the soil goes, so goes the schools and churches," is still in effect, stated Mr. Archer.

Calendar

TUESDAY

TREFOIL COUNCIL OF THE Girl Scouts of America at 7 p. m. Tuesday at the Christ - the King School, Columbus.

Garden Club Council Plans Fall Session

Plans for a fall meeting highlighted the Pickaway County Council of Garden Clubs session held recently in the home of Miss Florence Brown, Ashville.

The fall meeting will feature a tea and demonstration of gift wrapping and home decorations for Christmas. Miss Betty Newton, Ohio Fuel Gas Co., will be guest speaker. The meeting will be held at Trinity Lutheran parish house, 149 E. Mound St., at 8 p. m. Wednesday, December 7.

Each club affiliated with the council is asked to furnish a dozen cookies and two door prizes. Circleville Garden Club members will be hostesses.

Officers who will serve on the Board of Trustees for the next two years are: Miss Florence Brown, president, Ashville Garden Club; Mrs. Franklin E. Smith, 1st vice-president, Monrovia; Mrs. Harry C. Kern, 2nd vice-president, Circleville;

Mrs. Ted Corcoran, 3rd vice-president, Deer Creek; Mrs. James Hott, 4th vice-president, Solon; Mrs. Ned Reichelderfer, secretary, Derby; Mrs. Harold Gulick, treasurer, Commercial Point; Mrs. William Easterday, corresponding secretary, Deere Creek Garden Club.

It was announced that the president of each club represented in the council and all past presidents of the council will compose the Board of Trustees.

Clubs include Ashville, Circleville, Commercial Point, Derby, Deer Creek, Monrovia and Solon-garden clubs.

Bite-Size Jelly Apples Delight Tots

CHINESE JELLY APPLES — Dip a piece of fruit in hot syrup, then in a bowl of cold water to harden the coating. Eat right after glazing.

By CECILY BROWNSTONE Associated Press Food Editor

Halloween brings jelly apples.

But have you noticed that small fry rarely eat one of these large treats right down to the core.

If you have preschoolers in your family, you might like to make some bite-size jelly apples using this recipe borrowed from China.

This dessert is a specialty of Northern Chinese cooks who are also famous for their Peking Duck. They fry pieces of apple and bring them to the table with a syrup that is kept warm. Eaters dip the apple into the syrup and then into bowls of icy-cold water to harden the glaze.

Such table-style dipping is fine for adults who can safely manage the hot syrup. To use the idea for small children you'll need to adapt the procedure. This is how we do it at our house, omitting the frying process.

First we fit two whole apples into two low sturdy glasses so that the apples are above the top of the glass. Then, as suggested in the recipe, we insert food picks in lemon-dipped apple pieces. When the syrup is at the hard crack or brittle thread stage we place it in the small saucepan in which it is cooked — on an electric warmer. Add biscuits; mix to coat with butter and rind.

Sprinkle with 1/4 cup sugar, turning with wide spatula as you do so.

Heat several minutes, turning a few times; do not melt sugar.

Turn out on absorbent paper; cool to crisp. Prepare remaining biscuits with remaining ingredients the same way. Store in tightly covered container. Makes 6 cups.

After this? Small fry pass speedily, eat promptly and enjoy.

MINIATURE JELLY APPLES

2 medium-size apples

Food picks

Juice of half a lemon

1/4 cup sugar

1/4 cup water

1-3 cup dark corn syrup

Wash and dry apples but do not pare; remove cores and cut into eights; cut each eighth into 3 crosswise pieces.

Dip apple pieces in lemon juice; drain well. Insert a food pick in each piece of apple so skin side is

up; now the youngsters take over. They continue hardening the glaze in the water, and then insert the miniature jelly apples in the whole apples placed in the glasses.

After this? Small fry pass speedily, eat promptly and enjoy.

Iowa Retains No. 1 Rating

Hawkeyes Strengthen Hold on Top Place

By THE ASSOCIATED PRESS
Iowa continued as the No. 1 football team in the country for the second straight week in The Associated Press ratings today—and this time the Hawkeyes won going away.

When they took over as top kick last week, they nosed out Mississippi by just two points.

This week, they compiled 458 points to 395 for the Rebels. Thirty-four members of the 48-man voting board placed the Hawkeyes first. Nine others had Mississippi in first place and five awarded the No. 1 spot to Syracuse, which finished back in third place with 355 points.

The points were figured in the usual order of 10 for a first place vote, 9 for second place and so on down the line. All told, only 19 teams received votes.

There was little change from last week's ratings because only one team in that first 10 lost, pursue, which had held down the 10th spot, fell before Iowa, 21-14, and a solid bounded out of the select company.

Michigan State, on the basis of its 35-0 victory over Indiana, elbowed its way into the No. 10 position.

The leaders with first place votes in parentheses:

1. Iowa (34)	458
2. Mississippi (9)	395
3. Syracuse (5)	355
4. Navy	290
5. Missouri	283
6. Minnesota	267
7. Baylor	191
8. Ohio State	172
9. Washington	76
10. Michigan State	41

Others receiving votes included: Tennessee 37, Arkansas 15, Rice 11, Auburn 10, Purdue, Duke, and Oregon State, 8 each; New Mexico State 5 and Kansas 2.

Boat drownings ranked 9th during 1958 among the principal causes of accidental deaths.

Hardin-Simmons University athletic teams took their nickname of Cowboys in 1913.

Bellino Heads Navy Grid Trio In Chalking Up 9 Victories

By THE ASSOCIATED PRESS

It takes much more than Joe Bellino to make a good football team, and that includes players like Joe Matalavage and Hal Spooner, too.

This trio forms the nucleus of a Navy football attack that has rolled to six consecutive victories, nine straight in two seasons, currently ranked fourth nationally, and this week tackles Notre Dame in Philadelphia's Municipal

No Tinkering With Browns Lineup Seen

CLEVELAND (AP)—One loss makes the outlook a lot less rosy for the Cleveland Browns, but Coach Paul Brown has no plan to tinker with a lineup that leads 12 other National Football League clubs in points scored and list the third stinging in yielding points to opponents.

"We know we have some problems, particularly on defense, and we're trying to correct them," Brown said as he looked back on Sunday's 31-29 loss to the Philadelphia Eagles and ahead to next Sunday's game in Washington.

"We'd probably win 99 per cent of the games, playing the way we did Sunday. Buck Shaw was right when he said the Eagles were giving it the big effort. We seem to get everybody's Sunday punch."

Now that the Redskins have Ralph Guglielmi back to handle passing, Washington is a "good football team," Brown said. The Redskins had surprising ties with Pittsburgh and New York in their last two games.

The Giants play St. Louis, Eastern Conference last-placers, and the Eagles get the league by this Sunday. A Browns' victory over Washington would tie them with Philadelphia at 4-1 and keep them in the three-way contention for the Eastern title.

"The Giants are in the driver's seat again," Brown said. "They have strong defensive team back, and the majority of their games left are at home."

Hungarian Grid Politeness Urged

BUDAPEST (AP)—Hungarian footballers were told today they should learn to love their opponents, not call them dirty names.

The newspaper Nepsport said a Communist society expected certain rules of "human together-living" to be honored and those who broke them should be "re-educated."

Nepsport said it was all to frequent for one player tackling another to say "How are you, you . . . ?" And for the other to reply: "I'm fine, you"

The paper added far too many footballers who had been fairly tackled "played the moribund toreador like third-rate actors, writhing on the ground in sham agony while watching the referee through their fingers."

Indicted Sex-Slayer Sent to Lima Hospital

AKRON, Ohio (AP)—A 27-year-old rubber worker indicted Oct. 14 for the sex-slaying of a 1-year-old girl was committed to Lima State Hospital Monday for 30 days' observation. Ronald G. Fenton, of Lakemore, was committed by Common Pleas Judge Stephen C. Colopy on a defense motion.

Fenton was indicted on two charges of first-degree murder in the slaying of little Joanne Starcher last Aug. 11. He is tentatively scheduled for trial Dec. 5.

Kittens Lose 26-0 Contest Damage Inflicted In 1st Two Quarters

Circleville's reserve football team dropped a 26-0 test to visiting Lancaster last night in the game which saw the locals as a vastly improved team in the second half.

Lancaster scored all four of its touchdowns in the first half, then ran into a brick wall in the last two quarters as the Kittens tightened their defenses and improved their offense.

Lancaster got all of its scores on runs from 15 to 65 yards. Two came in the first quarter and two in the second.

Lancaster's Buddy Fettner picked up the first TD on a 15-yard scamper through the middle. Jim Lantz ran for the extra points.

FETTNER scored the second touchdown on a 47-yard burst. Miller's conversion kick was short.

The third Lancaster touchdown resulted from Fred Clark's 65-yard return of a CHS punt. Again Miller's kick was short.

The visitors' last touchdown resulted in a 25-yard run by Pat Shannon. North's kick for conversion was no good.

The second half settled down to a defensive struggle, with neither team able to penetrate the end zone. Lancaster did score on an intercepted pass, but the play was called back due to a clipping penalty.

The Kittens fashioned two of the Fox variety and one a Gray. One of the unusual animals of the forest was bagged by Charles Spangler, of Fairfield County, a brother of Homer Spangler, who lives on S. Scioto St.

Redman said the snow white squirrels have pink eyes and pink feet instead of the usual hazel eyes and rather black colored feet.

Redman said two of the albinos were of the Fox variety and one a Gray. One of the unusual animals of the forest was bagged by Charles Spangler, of Fairfield County, a brother of Homer Spangler, who lives on S. Scioto St.

Kittens Lose 26-0 Contest

Damage Inflicted In 1st Two Quarters

Circleville's reserve football team dropped a 26-0 test to visiting Lancaster last night in a game which saw the locals as a vastly improved team in the second half.

Lancaster scored all four of its touchdowns in the first half, then ran into a brick wall in the last two quarters as the Kittens tightened their defense and improved their offense.

Lancaster got all of its scores on runs from 15 to 65 yards. Two came in the first quarter and two in the second.

Lancaster's Buddy Fetters picked up the first TD on a 15-yard scamper through the middle. Jim Lantz ran for the extra points.

FETTERS scored the second touchdown on a 47-yard burst. Miller's conversion kick was short.

The third Lancaster touchdown resulted from Fred Clark's 65-yard return of a CHS punt. Again Miller's kick was short.

The visitors' last touchdown resulted in a 25-yard run by Pat Shannon. North's kick for conversion was no good.

The second half settled down to a defensive struggle, with neither team able to penetrate the end zone. Lancaster did score on an intercepted pass, but the play was called back due to a clipping penalty.

The Kittens fashioned several drives behind the running of Duke Fyffe, Gary Betts and Bruce Horn, but none went the distance.

Fyffe slowed the first half with a bad case of indigestion but came back to play a strong game in the last two quarters.

LANCASTER fielded a solid team of sophomores who have been playing together for three years.

The Kittens next game is scheduled Monday when Ashville's reserves come here for a return engagement. CHS won the first meeting of the two teams, 14-6.

Halstenberg High For Single Game

Walt Halstenberg's 195 single game and Ralph Ankrom's 526 series were top scores in Prairie Dog league bowling last night at Prairie Lanes.

American Legion captured team honors with a 962 game and finished high for the three-game set with 2,688 pins.

It marked the second week in a row Halstenberg rolled high single game in loop competition.

Woody To Repeat 'Easy' Practices

COLUMBUS, Ohio (AP) — Ohio State coach Woody Hayes said he is going to continue his "take it easy" practice schedule for the Buckeyes in preparation for the Saturday football meeting with Michigan State at East Lansing.

He said a similar schedule paid off last week in the smashing 34-7 defeat of Wisconsin. He had a lazy session late Monday, plans more rugged ones today and Wednesday but practically nothing Thursday and Friday.

Riding high on Ohio State's spectacular showing Saturday against the Badgers, Hayes in a masterpiece of understatement commented on the game: "Our over-all efficiency was very satisfactory." The Bucks won going away and knocked the defending Big Ten champion Badgers out of the running for a repeat title.

The paper added far too many footballers who had been fairly tackled "played the moribund toreador like third-rate actors, writhing on the ground in sham agony while watching the referee through their fingers."

Indicted Sex-Slayer Sent to Lima Hospital

AKRON, Ohio (AP) — A 27-year-old rubber worker indicted Oct. 14 for the sex-slavery of a 1-year-old girl was committed to Lima State Hospital Monday for 30 days' observation. Ronald G. Fenton, of Lakemore, was committed by Common Pleas Judge Stephen C. Colopy on a defense motion.

Fenton was indicted on two charges of first-degree murder in the slaying of little Joanne Starcher last Aug. 11. He is tentatively scheduled for trial Dec. 5.

Three Albino Squirrels Face Taxidermist

Dick Redman, local taxidermist, probably is seeing "white" these days.

Redman said he currently is working on two all-white albino squirrels. He also mounted an albino last year.

The local taxidermist said all three of the white bushy tails were taken in Fairfield County. He said they are considered a rarity in the wildlife world.

According to wildlife officials, an albino squirrel will come along once in about 10,000 births.

REDMAN said the snow white squirrels have pink eyes and feet instead of the usual hazel eyes and rather black colored feet.

Redman said two of the albinos were of the Fox variety and one a Gray. One of the unusual animals of the forest was bagged by Charles Spangler, of Fairfield County, a brother of Homer Spangler, who lives on S. Scioto St.

The visitors' last touchdown resulted in a 25-yard run by Pat Shannon. North's kick for conversion was no good.

The Kittens next game is scheduled Monday when Ashville's reserves come here for a return engagement. CHS won the first meeting of the two teams, 14-6.

Halstenberg High For Single Game

Walt Halstenberg's 195 single game and Ralph Ankrom's 526 series were top scores in Prairie Dog league bowling last night at Prairie Lanes.

American Legion captured team honors with a 962 game and finished high for the three-game set with 2,688 pins.

It marked the second week in a row Halstenberg rolled high single game in loop competition.

Woody To Repeat 'Easy' Practices

COLUMBUS, Ohio (AP) — Ohio State coach Woody Hayes said he is going to continue his "take it easy" practice schedule for the Buckeyes in preparation for the Saturday football meeting with Michigan State at East Lansing.

He said a similar schedule paid off last week in the smashing 34-7 defeat of Wisconsin. He had a lazy session late Monday, plans more rugged ones today and Wednesday but practically nothing Thursday and Friday.

Riding high on Ohio State's spectacular showing Saturday against the Badgers, Hayes in a masterpiece of understatement commented on the game: "Our over-all efficiency was very satisfactory." The Bucks won going away and knocked the defending Big Ten champion Badgers out of the running for a repeat title.

The paper added far too many footballers who had been fairly tackled "played the moribund toreador like third-rate actors, writhing on the ground in sham agony while watching the referee through their fingers."

Indicted Sex-Slayer Sent to Lima Hospital

AKRON, Ohio (AP) — A 27-year-old rubber worker indicted Oct. 14 for the sex-slavery of a 1-year-old girl was committed to Lima State Hospital Monday for 30 days' observation. Ronald G. Fenton, of Lakemore, was committed by Common Pleas Judge Stephen C. Colopy on a defense motion.

Fenton was indicted on two charges of first-degree murder in the slaying of little Joanne Starcher last Aug. 11. He is tentatively scheduled for trial Dec. 5.

Pirates Get \$8417 Each For Victory

NEW YORK (AP) — The Pittsburgh Pirates, baseball's latest team of destiny, finally have reached the point where they can pocket the profit of the World Series monies. One full share of destiny was worth \$8,417.94, before taxes.

That was the figure announced Monday by Baseball Commissioner Ford Frick. A full share of tee losers' pool amounted to \$2,146.50.

The Bucs' bucks totaled \$286,500.82 that was split into 33 1/3 full shares divided among 38 persons — Manager Danny Murtaugh, players, coaches, their trainer and clubhouse attendant — and 12 cash awards totaling \$4,500, divided among the bat boy, clubhouse assistants, the groundkeeper, part-time players and batting practice pitcher Virgil Trucks.

The Yankees split their overall take of \$191,000.95 into 35 1/3 full shares, divided 41 ways and 11 cash awards totaling \$6,750.

Thirty per cent of the players' pool is divided among the first division teams in the two leagues — the runners-up getting 15 per cent, the third-place clubs collecting 10 per cent and the fourth-place finishers getting 5 per cent.

That broke down to a full share of \$1,527.75 for the Milwaukee Braves, \$991.39 for the St. Louis Cardinals and \$501.58 for the Dodgers, who placed two-three-four behind the Pirates in the National League. In the American, the Baltimore Orioles' full share was \$1,564.68, the White Sox' \$935.00 and the Cleveland Indians' \$494.31.

Alex Cook Gets High Grid Grade

Alex Cook, offensive end and defensive linebacker for the CHS Tigers, has been named Circleville's "Outstanding Player of the Week" for his showing in the Greenfield game Friday.

Cook earned the highest grade of the season for his solid performance on both offense and defense, CHS coaches said his best effort was in the downfield blocking department.

The CHS senior compiled a 2.50 mark on offense and a 2.40 on defense for a commendable 2.45 average.

In addition to his offensive wing, he also came through with several key tackles and assisted in many others.

Second highest grade was earned by Rupert Rudd with a 2.31. On down the line it was Pat Rooney with a 2.22, Jake Bailey 2.17, and Freddie Moore and Cleeson Thompson with a 2.16 each. The latter two were sophomores.

He finished with a creditable 2.75 average, 17 homers and 63 RBI in 116 games. "It was a good, productive year," said Stan. The Cards wound up third.

On Sept. 15, Musial put an end to speculation he would retire by announcing he will play again next season. "I still love to play," he said.

AL Chiefs To Study Expansion to 10 Teams

NEW YORK (AP) — American League club owners meet here Wednesday to consider expansion to 10 teams by 1962, but the problem of possible franchise shifts could postpone an announcement on which two cities will be added.

The key problem is Kansas City, where the As are about to be sold. The new owners may want to move the club to Los Angeles, a prime target for the AL after the National's three years of success in California.

There also may be a rehash of a possible shift of the Washington Senators and perhaps of the Cleveland Indians as well.

The New York Rangers played their first hockey game on Nov. 17, 1926, defeating the Montreal Maroons 1-0.

Tickets for the Springfield game are on sale at the high school. Half the money from tickets sold here will go to the CHS athletic fund. All money from tickets sold

Lima Moves Toward Top in Ohio Grid Poll

Allen Countians Tied
For Second; Massillon
Entrenched in First

COLUMBUS, Ohio (AP)—Lima Senior moved into the thick of the fight for Ohio's high school football championship today, banging into a second-place tie with Alliance's 1958 champions in the weekly Associated Press poll.

Massillon's defending champions, although held to a surprisingly low-scoring 16-6 victory over Mansfield's thrice-beaten Tygers, not only clung to the top spot but increased their poll-point spread over the challengers.

A week ago the Tigers led Alliance by only 78 points, but it was up to 115 today as Leo Strang's powerhouse threatened to make a runaway of the race for the Rutgers Hall of Fame Trophy and the state title.

Lima Senior, with a rousing 34-14 win over rugged Middletown, went into the deadlock with Alliance after being 107 poll points back of the Aviators a week ago. Alliance handed Springfield South its second straight setback after 17 wins in a row to knock the Wildcats into tenth place.

Sandusky, grabbing a handful of votes from the northwestern sector, picked up 51 poll points over last week's total to hold fourth place. The Sandusky club won 12 of the 41 first place votes, matching Massillon in that department. Sandusky whipped Lorain 44-0 last week.

Canton McKinley's Bulldogs ran into a 30-16 snafu at the hands of Steubenville's Big Red and skidded out of the elite list. Slem's unbeaten Quakers, handing Wellsville its first loss by 10-0, jumped into the vacancy and took the ninth spot.

Marion Harding, 400 winner over Findlay, leaped over Cincinnati Roger Bacon to take fifth place, and Dayton Champlain (35 over Dayton Belmont) and Niles McKinley (46-15 over Akron South) moved up a notch into seventh and eighth. Roger Bacon dropped Cincinnati Central 39-0.

THE TOP TEN

Teams	Pts. W-L-T Scoring

Loan Firm Robbery Suspect Is Nabbed

CINCINNATI (AP)—A police dragnet has netted one suspect but missed another after a loan company holdup. Robert Baskerville, 20, who said his home was at Indianapolis, was arrested two hours after an office of Associates Loan Co. was robbed Monday of an estimated \$700. Police said Baskerville had about \$100 and told them his companion bragged he would never be taken alive.

Baskerville was taken into custody shortly after the getaway car was abandoned. Police conducted a house-to-house hunt for the men and even stopped two trains.

Wanted Ohioan Nabbed As Wisconsin Escapee

SPRINGFIELD, Mass. (AP)—Frank J. Karcher, 31, of Youngstown, Ohio, has been ordered held on \$3,000 bond after he admitted in court that he is the person named in a fugitive complaint issued in Green Bay, Wis. A hearing has been set for Nov. 9.

Police said Karcher is wanted in Green Bay for violating terms of his parole. He had been convicted of taking a car without the owner's consent. Police said they learned Karcher was wanted in Green Bay after they arrested him for driving a car without a license.

The fastest player on the Cleveland Browns 1960 roster is rookie speedster from Northwestern. Fowler weighs 175 pounds, is 5 foot 10 1/2 inches.

Lima Moves Toward Top in Ohio Grid Poll

Allen Countians Tied
For Second; Massillon
Entrenched in First

COLUMBUS, Ohio (AP)—Lima Senior moved into the thick of the fight for Ohio's high school football championship today, banging into a second-place tie with Alliance's 1958 champions in the weekly Associated Press poll.

Massillon's defending champions, although held to a surprisingly low-scoring 16-6 victory over Mansfield's thrice-beaten Tygers, not only clung to the top spot but increased their poll-point spread over the challengers.

A week ago the Tigers led Alliance by only 78 points, but it was up to 115 today as Leo Strang's powerhouse threatened to make a runaway of the race for the Rutgers Hall of Fame Trophy and the state title.

Lima Senior, with a rousing 34-14 win over rugged Middletown, went into the deadlock with Alliance after being 107 poll points back of the Aviators a week ago. Alliance handed Springfield South its second straight setback after 17 wins in a row to knock the Wildcats into tenth place.

Sandusky, grabbing a handful of votes from the northwestern sector, picked up 51 poll points over last week's total to hold fourth place. The Sandusky club won 12 of the 41 first place votes, matching Massillon in that department. Sandusky whipped Lorain 44-0 last week.

Canton McKinley's Bulldogs ran into a 30-16 snag at the hands of Steubenville's Big Red and skidded out of the elite list. Slem's unbeaten Quakers, harding Wellsburg its first loss by 10, jummed into the vacancy and took the ninth spot.

Marion Hard'ng, 400 winner over Findlay, leaped over Cincinnati Roger Bacon to take fifth place, and Dayton Chamade (35-0 over Dayton Belmont) and Niles McKinley (46-15 over Akron So'th) moved up a notch into seventh and eighth. Roger Bacon dropped Cincinnati Central 39-0.

THE TOP TEN

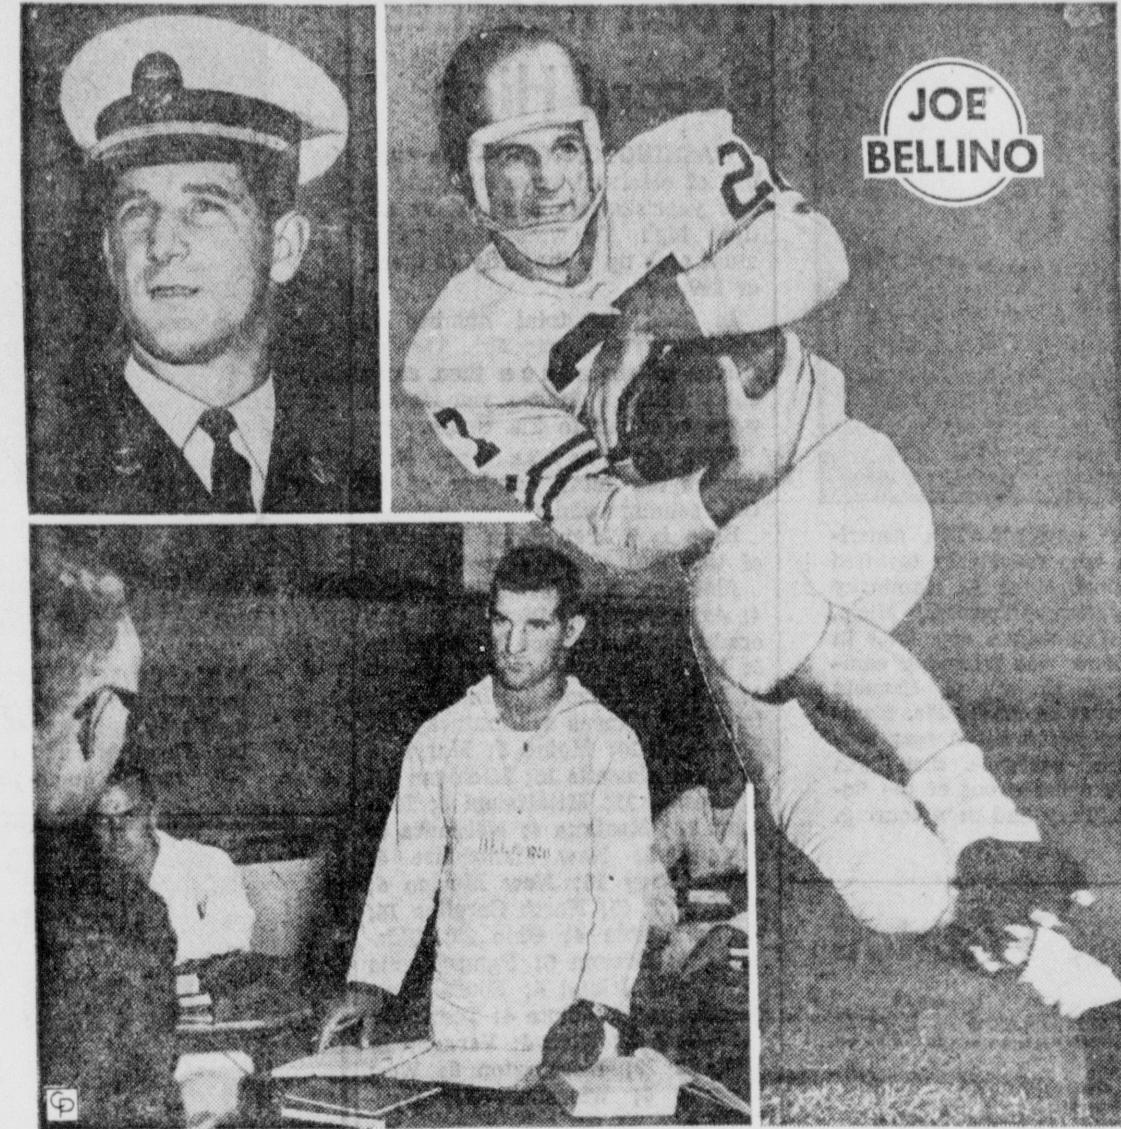

Teams	Pts. W-L-T Scoring
Massillon	353 7-0-0 170-28
Alliance	238 6-1-0 222-79
Lima Senior	238 6-0-1 193-84
Sandusky	226 7-0-0 236-46
Marion Hard'ng	145 5-0-1 165-30
Cinc. R. Bacon	140 5-1-0 195-14

Titan Missile Is Test Fired 6,100 Miles

CAFE CANAVERAL, Fla. (AP) — Thousands of people saw Titan No. 25 blaze across the sky on a record 6,100-mile flight to a South Atlantic ocean target area.

Smooth recovery of the missile's data capsule at sea crowned the last scheduled test shot of the Titan "J" series. These intercontinental missiles are slated to become operational by next summer. Meanwhile, tests will begin on an "AJ" improved version of the Titan.

Monday night's flight from Cape Canaveral was the longest a Titan has made in 18 launches. Its tactical-type nose cone splashed into the sea 1,100 miles southeast of Ascension Island. At 7:53 p.m., 97 minutes after the launch, the Air Force missile range vessel "Coastal Crusader" hoisted aboard the data capsule which was ejected from the nose cone after re-entry into the earth's atmosphere.

The Titan's after-sunset takeoff punched a weird, luminous sky trail that thrilled spectators as far distant as Key West, more than 250 miles south of Cape Canaveral, and Savannah, Ga., 350 miles north of the cape.

The Titan made its longest previous flight Sept. 28 when it traveled 6,000 miles. It was intended to fly 10,000 miles to the Indian Ocean, but fell short because of premature cutoff of its first-stage engine. The shot Monday night was programmed for the 6,100-mile distance achieved.

The Titan's planned operational range is 6,325 miles. The first of 14 Titan bases is scheduled for readiness next summer at Lowry Air Force Base, Denver, Colo.

Akron Cop Is Shot by Theft Suspect

AKRON, Ohio (AP) — A policeman shot in the stomach by one of two men he and his cruiser partner sought to question in a robbery attempt at a grocery store was reported in serious condition at St. Thomas Hospital today.

Patrolman Michael Goch, 34, fired six times at his assailant Monday night near the Cianciola Grocery.

His partner, Patrolman John C. Lower, described the suspects as Negroes about 40 to 42 years old.

Police said the gunmen may have been wounded by one of Goch's shots. Shortly after the shooting, a woman led officers to a trail of blood in the area.

Goch and Lower were sent to the grocery after Dan Cianciola, 27, son of the store operator, reported he was hit on the head by one of two men during a robbery attempt. Cianciola told police he threw a bucket of vinegar at the robbers, hitting one of them, when they approached him in a garage at the rear of the store.

Goch and Lower stopped two men for questioning near the grocery and were searching them when Goch was shot.

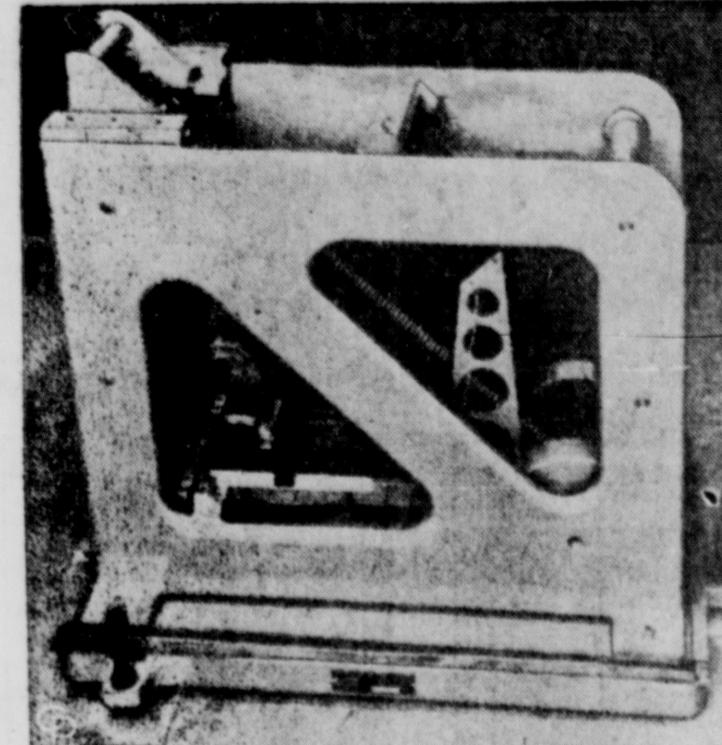

3 Cleveland Orchestra Conductors Appointed

CLEVELAND (AP) — Appointment of a Yugoslavian and two Americans to take part in the Kulas Foundation program, which provides advanced training for young conductors, during the 1960-61 season as Severance Hall has been announced by George Szell, conductor of the Cleveland Orchestra. He said the three would share the conducting of the Sunday twilight concert of Jan. 1.

Newly appointed fellows are David Epstein, 30, assistant professor of music at Antioch College, Yellow Springs, Ohio, and Vladimir Benic, 38, operatic and symphonic conductor in Yugoslavia and Germany. Jerome Rosen, 21, apprentice conductor during the 1959-60 season, was reappointed for

The large, freely rotating eyes of the dragonfly allow the insect to look in all directions, even backward.

10 The Circleville Herald, Tues. October 25, 1960
Circleville, Ohio

LONG PERIOD SEISMOGRAPH — The Department of Defense announced in Washington, D.C., that the first prototype control station which meets East-West specifications for detecting underground nuclear explosions has been completed in the Wichita Mountains near Lawton, Okla. The intricate piece of equipment above, known as a long period seismometer, is designed to detect motions of the earth in vertical position. The station also will have instruments to detect horizontal positions of the earth.

Atlanta News

By Mrs. Charles W. Mills

The PTO met at the school on Tuesday evening for the October meeting with President, Robert Conway, presiding. The meeting opened with the "Lord's Prayer" given in unison.

Mr. Russell McDill, chairman of the project committee, recommended that the society purchase supplies for Mrs. Bush's room, also consult the teachers, and all who did not have American Flags in their room to purchase these, also electric outlets installed, where needed in many of the rooms. These were all accepted and voted on to purchase, after discussion.

Halloween Carnival will be on Oct. 28th with the Williamsport High School classes having booths.

Food committee, Mesdames Homer Long, Russell McFarland, Ethel Gerhardt, Sherman Hawk, Tom Farmer, Howard Betts, Robert Conway, Ralph Smith Jr. and Miss Jackie Justice.

Tickets and reception at the door, Mr. and Mrs. Charles W.

Mills and Decorating, Mr. and Mrs. Tim McFadden, Mr. and Mrs. Geo. McGhee, Mr. and Mrs. Paul Fels and Mr. and Mrs. Calvin Shaeffer and the clean up committee, Mr. and Mrs. Fred McCoy,

Mr. and Mrs. Homer Long, Mr. and Mrs. Tom Farmer, Mr. and Mrs. Robert Conway, and Mr. and Mrs. Calvin Shaeffer.

During the program, reading was given by Sue Remy and Janet Gerhardt and vocal solo by Cheryl Martin and a vocal duet by Rita Oyer and Portia Donohoe. Rev.

Glenn A. Robinson gave an interesting sermon on "Youth".

Mrs. Edith Keaton of Washington C. H. is spending several days with Mr. and Mrs. Geo. Keaton and family of Circleville, their Saturday guests were Mr. and Mrs. Ed Keaton and son Danny.

Mrs. James Willis had as her Sunday afternoon guests, Mr. and Mrs. Harley Hiser of Clarkburg, and Mr. and Mrs. Harry Armstrong of New Holland.

The MYF met at the home of Mr. and Mrs. Jake Justice and son Ronnie on Monday evening, with the group enjoying a pizza party following the business session.

Mrs. James Willis had as her Sunday afternoon guests, Mr. and Mrs. Harley Hiser of Clarkburg, and Mr. and Mrs. Harry Armstrong of New Holland.

Stanley Rinehart who recently was a patient at University Hospital, Columbus, is now convalescing at his home.

The MYF met at the home of Mr. and Mrs. Jake Justice and son Ronnie on Monday evening, with the group enjoying a pizza party following the business session.

Mr. and Mrs. Geo. Donohoe had as their recent Sunday guests, Mr. and Mrs. Melvin Miles of Kankakee, Ill., on Wed., they are all guests of Mrs. Minnie Booth and other relatives of Winchester for an indefinite stay, expecting to return to Atlanta on Oct. 29th.

Sunday dinner guests of Mr. and Mrs. Homer Long and son Charles were Mr. and Mrs. William Long and daughters, Jackie and Beckie of Mt. Sterling and Mrs. Don Adams and children of Circleville. Additional afternoon guests were Mr. and Mrs. David Long and children and Mr. and Mrs. Jack Brayshaw of Williamsport.

Rev. and Mrs. Glenn A. Robinson will attend the "National Family Life Conference", at the Youth Center at the Ohio State Fairgrounds in Columbus, during Friday, Saturday and Sunday, and the Atlanta M. E. Church will have as our guest speaker, for next Sunday Day, Dr. Lloyd Sprouse of Circleville.

Mr. and Mrs. Charles W. Mills,

Many Aides Still Idle In GE Plants

NEW YORK (AP) — Several thousand workers are still off the job at various General Electric Co. plants around the country, despite the settlement of a three-week strike.

GE said full production and a return to work in most of the 55 struck plants could be expected by the end of the week. Some plants were partially idle because of shortages of materials, and because production lines take several days to get back into full swing.

The strike of about 7,000 members of the International Union of Electrical Workers (IUE) was settled last Saturday after agreement was reached on a three-year contract, which included an immediate 3 percent wage increase.

Workers were scheduled to return Monday, but pickets marched outside some GE plants. Many IUE men refused to cross the picket lines.

About 12,000 employees, mostly IUE production workers, at two plants in Lynn, Mass., and one in Everett, Mass., refused to cross picket lines of the American Federation of Technical Engineers, which represents about 1,100 draftsmen and planning men.

The engineers' strike was based on local issues and was not connected with the nationwide IUE walkout.

The picket lines of the engineers also were observed at GE's switch gear division at Philadelphia. About 3,000 IUE members of the 5,000 plant workers stayed out.

The Kentucky Skilled Craft Guild, a small independent union, maintained a picket line at GE's Appliance Park plant at Louisville.

Beauticians Have Meeting

The monthly meeting of the Pickaway County Beauticians was held recently at Tink's Tavern.

Ruth Quinzel, Gracile's Carousel of Beauty, presided at the meeting. A discussion of the Christmas Party, to be held in December, followed the introduction of guests.

Those attending were: Mrs. Bess Shidaker, Elva Faye Chaney, Dorothy Ferguson, Bessie Davey, all from Milady's Beauty Shop; Juanita Schleich, Gracie Kuhn and Ruth Quinzel of Gracile's Carousel of Beauty.

Eloise Ford and Toni Agin of Eloise's Beauty Shop; Louise Schlegler and Evelyn Russell, a new member, were in attendance.

Bessie Davey will be hostess for the November meeting. The time and place for the meeting will be announced at a later date.

Traffic Safety Committee Will Meet

The Pickaway County Traffic Safety Committee will meet 7:30 p.m. Wednesday, in the Common Pleas Court Room. All members are urged to attend this meeting.

Circleville, Ohio

Electoral Vote Total Reaches Record High

WASHINGTON (AP) — The number of electoral votes at stake in this year's election is 537, an all-time high. To win, a candidate must pick up a majority of them, or 269.

In 1956 the total number of electoral votes was 531. The increase of six since then came about because Alaska and Hawaii were admitted to the Union.

Each state has as many electors as the total number of its U.S. senators and representatives.

Here is a breakdown by states of the 1960 electoral votes:

Alabama 11; Alaska 3; Arizona 4; Arkansas 8; California 32; Colorado 6; Connecticut 8; Delaware 3; Florida 10; Georgia 12; Hawaii 3; Idaho 4; Illinois 27; Indiana 13; Iowa 10; Kansas 8; Kentucky 10; Louisiana 10; Maine 5; Maryland 9; Massachusetts 16; Michigan 20; Minnesota 11; Mississippi 8; Missouri 13; Montana 4; Nebraska 6; Nevada 3; New Hampshire 4; New Jersey 16; New Mexico 4; New York 45; North Carolina 14; North Dakota 4; Ohio 25; Oklahoma 8; Oregon 6; Pennsylvania 32; Rhode Island 4; South Carolina 8; Tennessee 11; Texas 24; Utah 4; Vermont 3; Virginia 12; Washington 9; West Virginia 8; Wisconsin 12; Wyoming 3.

Titan Missile Is Test Fired 6,100 Miles

CAPE CANAVERAL, Fla. (AP) — Thousands of people saw Titan No. 25 blaze across the sky on a record 6,100-mile flight to a South Atlantic ocean target area.

Smooth recovery of the missile's data capsule at sea crowned the last scheduled test shot of the Titan "J" series. These intercontinental missiles are slated to become operational by next summer. Meanwhile, tests will begin on an "AJ" improved version of the Titan.

Monday night's flight from Cape Canaveral was the longest a Titan has made in 18 launches the Air Force called successful. Its tactical-type nose cone splashed into the sea 1,100 miles southeast of Ascension Island. At 7:53 p.m., 97 minutes after the launch, the Air Force missile range vessel "Coastal Crusader" hoisted aboard the data capsule which was ejected from the nose cone after re-entry into the earth's atmosphere.

The Titan's after-sunset takeoff punched a weird, luminous sky trail that thrilled spectators as far distant as Key West, more than 250 miles south of Cape Canaveral, and Savannah, Ga., 350 miles north of the cape.

The Titan made its longest previous flight Sept. 29 when it traveled 6,000 miles. It was intended to fly 10,000 miles to the Indian Ocean, but fell short because of premature cutoff of its first-stage engine. The shot Monday night was programmed for the 6,100-mile distance achieved.

The Titan's planned operational range is 6,325 miles. The first of 14 Titan bases is scheduled for readiness next summer at Lowry Air Force Base, Denver, Colo.

Akron Cop Is Shot by Theft Suspect

AKRON, Ohio (AP) — A police man shot in the stomach by one of two men he and his cruiser partner sought to question in a robbery attempt at a grocery store was reported in serious condition at St. Thomas Hospital today.

Patrolman Michael Goch, 34, fired six times at his assailant Monday night near the Cianciola Grocery.

His partner, Patrolman John C. Lower, described the suspects as Negroes about 40 to 42 years old.

Police said the gunmen may have been wounded by one of Goch's shots. Shortly after the shooting, a woman led officers to a trail of blood in the area.

Goch and Lower were sent to the grocery after Dan Cianciola, 27, son of the store operator, reported he was hit on the head by one of two men during a robbery attempt. Cianciola told police he threw a bucket of vinegar at the robbers, hitting one of them, when they approached him in a garage at the rear of the store.

Goch and Lower stopped two men for questioning near the grocery and were searching them when Goch was shot.

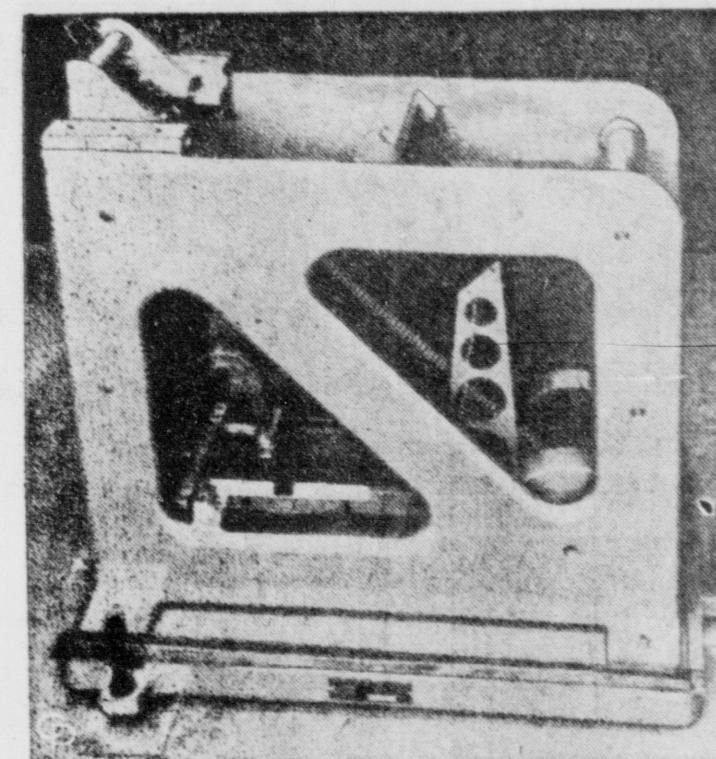

3 Cleveland Orchestra Conductors Appointed

CLEVELAND (AP) — Appointment of a Yugoslavian and two Americans to take part in the Kulas Foundation program, which provides advanced training for young conductors, during the 1960-61 season as Severance Hall has been announced by George Szell, conductor of the Cleveland Orchestra. He said the three would share the conducting of the Sunday twilight concert of Jan. 1.

Newly appointed fellows are David Epstein, 30, assistant professor of music at Antioch College, Yellow Springs, Ohio, and Vladimir Benic, 38, operatic and symphonic conductor in Yugoslavia and Germany. Jerome Rosen, 21, apprentice conductor during the 1959-60 season, was reappointed for

The large, freely rotating eyes of the dragonfly allow the insect to look in all directions, even backward.

10 The Circleville Herald, Tues. October 25, 1960
Circleville, Ohio

LONG PERIOD SEISMO METER—The Department of Defense announced in Washington, D.C., that the first prototype control station which meets East-West specifications for detecting underground nuclear explosions has been completed in the Wichita Mountains near Lawton, Okla. The intricate piece of equipment above, known as a long period seismometer, is designed to detect motions of the earth in vertical position. The station also will have instruments to detect horizontal positions of the earth.

Atlanta News

By Mrs. Charles W. Mills

The PTO met at the school on Tuesday evening for the October meeting with President, Robert Conway, presiding. The meeting opened with the "Lord's Prayer" given in unison.

Mr. Russell McDill, chairman of the project committee, recommended that the society purchase supplies for Mrs. Bush's room, also consult the teachers, and all who did not have American flags in their room to purchase these, also electric outlets installed, where needed in many of the rooms. These were all accepted and voted on to purchase, after discussion.

Halloween Carnival will be on Oct. 28 with the Williamsport High School classes having booths. Food committee, Mesdames Homer Long, Russell McFarland, Ethel Gerhardt, Sherman Hawk, Tom Farmer, Howard Betts, Robert Conway, Ralph Smith Jr. and Miss Jackie Justice.

Tickets and reception at the door, Mr. and Mrs. Charles W. Mills and Decorating, Mr. and Mr. Tim McFadden, Mr. and Mrs. Geo. McGhee, Mr. and Mrs. Paul Fels and Mr. and Mrs. Calvin Shaeffer and the clean up committee, Mr. and Mrs. Fred McCoy, Mr. and Mrs. Homer Long, Mr. and Mrs. Tom Farmer, Mr. and Mrs. Robert Conway, and Mr. and Mrs. Calvin Shaeffer.

The Bingo Committee was announced earlier and interesting program was given by Sue Remy and Janet Gerhardt and vocal solo by Cheryl Martin and a vocal duet by Rita Oyer and Portia Donohoe. Rev. Glenn A. Robinson gave an interesting sermon on "Youth".

Mrs. Edith Keaton of Washington C. H., is spending several days with Mr. and Mrs. Geo. Keaton and family of Circleville, their Saturday guests were Mr. and Mrs. Calvin Shaeffer.
